

Wednesday 12th – Thursday 13th May 2010 Aberdeen Exhibition & Conference Centre

CALL FOR ABSTRACTS

Abstracts for presentations & posters are sought on the theme:

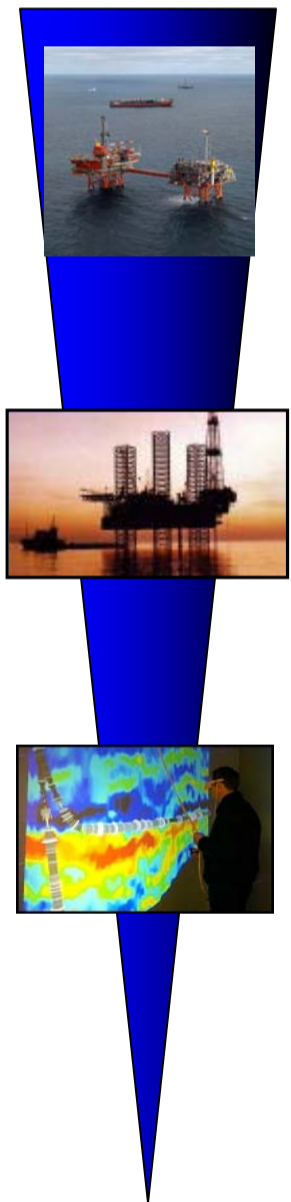

“Recovery: Everyone Plays a Part”

DEVEX is now in its 7th year and has built a reputation for high quality presentations showcasing the state of the industry in the North Sea and beyond. Most of the major operators and service companies will be represented. Don't miss this excellent opportunity to share learnings and find out what is going in your industry.

This year's theme is around integration. We welcome presentations (which need not be formal papers) and Posters from all disciplines ranging from geotechnical to commercial. Case Studies form an integral part of DEVEX's ongoing success and are especially welcome.

Areas of particular interest include:

- **Past Experience/Future Opportunity**
Reservoir Management Case Histories
Appraisal through Development Strategies
Field Abandonment
CO₂ Disposal and Gas Storage
Heavy Oil Development
Tight Gas Development
- **Living with volatile oil prices and costs**
Initiating IOR and EOR Projects
Impact of Current Commodity Price on A&D Activity
- **Novel Technologies – Risk or Opportunity?**
SMART fields
- **Small is Beautiful?**
The Challenge of Small Field Developments
Subsea and topsides technologies
- **European Focus (Non-UK Assets)**
Different Perspectives – cross-border learnings
- **Maximising Well Productivity/Injectivity**
Well Construction Performance
Focus on Formation Damage
- **Resurrection Fields**
Drilling through depleted reservoirs
Breathing life back into Mature Fields
Managing Stranded Field Development
- **Emerging Hot Topics**
Living with De Keyser faults

Deadline for submission: 31 January 2010
